Certificate of Completion

This is to certify that

Pricy Christian Dolor

has successfully completed 80 hours of professional development by finishing the 8-week online training course on

MS Excel Professional Data Analytics

completed online on August 30, 2023.

Throughout this specialization, learners develop advanced skills in Data Analytics using Power Excel App. Upon completing this specialization, learners can design sophisticated and professional dashboard. Learners can develop end-to-end business intelligence solution from planning phase; data preparation data cleaning and transformation using Power Query and M language; data modeling; data analysis using Excel Advanced Formula, Pivot Table, Data Analysis Expressions (DAX), and Power Pivot; and data visualization with story-telling with data. By acquiring these proficiencies, the learners equipped with data analysis workflow to deliver comprehensive analysis, and compelling visualization to provide data-driven insights.
